The attached memorandum for your signature provides to OGC the Agency position on the latest ISOC draft revision to E.O. 12065. As we discussed, it also specifies that OGC coordinate the final DCI response with us.

MEMORANDUM FOR: General Counsel

FROM: Harry E. Fitzwater
Deputy Director for AdministrationSUBJECT: Information Security Oversight Office (ISOO)
Draft of Proposed New Executive Order to
Replace E.O. 12065REFERENCE: A. Multiple addressee memorandum from DDA dated
4 January 1982; Same Subject (DD/A 82-008)

B. Multiple addressee memorandum from Counsellor
to the President dated 23 December 1981;
Subject: Executive Order on Classification
(ER 81-5384/4)

1. The attached comments represent the current Agency position on the latest ISOO draft revision to Executive Order 12065. The comments concerning portion-marking, cryptology, and notification to ISOO of unauthorized disclosures (comments D, K, and L) in particular reflect strong feeling in the Agency, and I request that the DCI response to the National Security Council address these three questions. I understand the Inspector General has suggested to you separately that there is a possible conflict between Section 3-401 of the ISOO draft and the proposed FOIA amendments supported by the Agency.

2. Overall, the latest ISOO draft, with the exception of the portion-marking addition, is again an improvement. I look forward to receiving the proposed DCI response for concurrence.
